**NEXA™:** Handcare Dispensing Program

# EFFECTIVE PERSONNEL HAND HYGIENE FOR **CLEAN WITHOUT A DOUBT.**

# Effective Hygiene Is Always At Hand.

Establishing proper hand-washing procedures is one of the easiest ways to reduce the risk of cross-contamination and prevent the spread of foodborne illness in your operation. Ecolab's comprehensive program will strengthen good manufacturing practices on the production floor and throughout your facility. We've developed a total hand hygiene system that combines effective chemistry with technology and training — making your hand cleaning habits efficient, safe[†] and simple.

# Nexa™ Dispensers

## Easy, efficient handwashing.

The Nexa Touch-Free dispenser helps prevent the spread of germs with a dispensing system that provides efficiency, innovation and sustainability in one sleek and adaptable dispenser. Available in manual or touch-free.

- **Proprietary packaging system** delivers consistent, accurate dispensing
- **Mounting plate drill holes align** with most currently available dispensers
- **Easy to access and load** product with low and high dose settings
- **Dispenses liquid and foam** products for streamlined purchasing and inventory
- **Flexible drip tray** is easy to add and remove for simple cleaning
- **Clear side window** provides easy usage monitoring and visible expiration date
- **One-handed activation** on manual dispenser
- **Indicator light** monitors battery life
- **Easily accessible battery pack** requires no tools access for quick and simple changes
- **Universal cartridge** works in both manual and touch-free systems
- **Dispenser badges** for easy bacterial soap or hand sanitizer identification

## USE FEWER BATTERIES
Energy saving touch-free dispenser requires fewer battery change-outs[1].

### 44% FEWER BATTERIES

## INHIBIT BACTERIAL GROWTH
Antimicrobial protection on manual dispenser push bar continuously blocks the growth of bacteria, mold and mildew[2].

## OPTIMIZE PRODUCT USE
Improved and uniquely designed packaging and collapsible bottle evacuates up to 99% of product to reduce product waste.

### UP TO 99% OF PRODUCT DISPENSED

## PREVENT COSTLY WASTE
Patented pump pulls excess product back in, reducing costly product clogs and drips and helps prevent potential slips and falls.

[1]Over the course of 50 months at 50 activations per day, in comparative testing using Ecolab's Nexa Touch-Free dispenser and leading competitor's dispenser.
[2]Bacteria, mold and mildew that can cause degradation.

# WHY FOCUS ON HAND-WASHING?

**89% OF OUTBREAKS**
are due to food contaminated by food workers.[1]

**95% OF PEOPLE**
don't wash their hands adequately.[2]

**THREE DAYS**
is the amount of time some germs can live on moist surfaces.[3]

# Nexa™ Hand Sanitizer Stations

## Clean Hands, wherever you need them.

Ecolab's Nexa waterless hand sanitizer delivers safe[1], effective protection with hand sanitizer stations that can be placed in your non-production areas.

## What you get when you order a Nexa hand sanitizer station:

**1** ONE NEXA CLASSIC TOUCH-FREE DISPENSER (IN WHITE)

**2** ONE NEXA HAND SANITIZER STATION

**3** TWO STANDARD GRAPHICS (OPTIONS SHOWN RIGHT)

[1]Safe as long as products are used as directed.
